#### FOREWORD

Tiger Tracks comes to you for the first time. Yes, the first annual of Linden High School. It is intended to be a picture summary of your school year----1945--1946.

We hope in future years as you glance through its pages, that pleasant memories and kind thoughts will linger with you.

The Staff

Dedication

## DEDICATION

The second World War has ended. The war that brought so many tragedies, so many sacrifices and so many heartaches. With victory our hearts rejoice; yet, we realize fully there are those who are not here to rejoice with us. To these, who attended Linden High School in past years and who gave their lives that we might live in peace, we dedicate this---our first annual.

These young men were our relatives, our friends, and our classmates. We loved them, appreciated them and---

Though they are gone today  
Their memories linger near,  
Our hearts are sad  
For those, we loved so dear.  
To express our appreciation,  
Respect and honor too;  
This annual we dedicate  
To our boys, so brave,  
so loyal, so true.

L.H.S. BALL SCORES

The record made by the Tigers in football for the year 1945-46 is one of which the school is proud. Co-Captains "Bud" Thompson and Gene Wynn were alert at all times and with the capable directions of Coach Ward the Tigers of L.H.S., this year made an enviable record.

The basketball season was brief yet interesting. Scores on both football and basketball are listed below.

Other field activities have been under the direction of Coach Ward, and it seems that interest in all phases of athletics this year has been above average.

Blue and white forever,  
That is our name.  
Never, no never, shall we lose a game  
Rah! Rah! Rah!  
And so, we'll fight forever  
On to victory.  
Blue and white forever,

## FUTURE FARMERS OF AMERICA

The Future Farmers of America was organized in Linden High School in 1935. An average of forty boys have taken this course each year. These boys have  $1\frac{1}{2}$  hours daily classroom work and then have home projects with certain specifications which must be met. They earn  $1\frac{1}{2}$  credits per year. Three years in Vocational Agriculture are offered. Mr. R. C. Wood is Vocational instructor.

Below are some of the boys in action and these pictures are typical of the work being done.

**The Joy of Being on the Staff**

Getting out this annual is no picnic. If we print jokes, people say we are silly. If we don't they say we are too serious. If we clip things from old annuals, we are too lazy to write them ourselves. If we don't, we are stuck on our own stuff. If we stick close to the job all day, we ought to be out hunting news. If we go out and try to hustle, we ought to be on the job in the office. If we don't print contributions, we don't appreciate true genius; if we do print them the annual is full of junk. If we make a change in the other fellow's make-up, we are too critical; if we don't we are asleep... Now likely as not, some guy will say we swiped this from some other annual. WE DID !!!
