IN APPRECIATION

We, the members of the "Longhorn" Staff wish to express our sincere appreciation to the students for your cooperation. Your help and many suggestions have made possible the first "Longhorn". Each buyer has done his part toward making this record of our school year.

We wish to express our appreciation to Mr. Harbour and to Mrs. Bankhead our Sponsor, who have helped and promoted the making of the "Longhorn". Their help and advice are greatly appreciated.

We are especially grateful to the Pep Squad for their donation to the Annual Fund. Their donation made it possible to have a larger Annual, one that I know we will all be proud of.

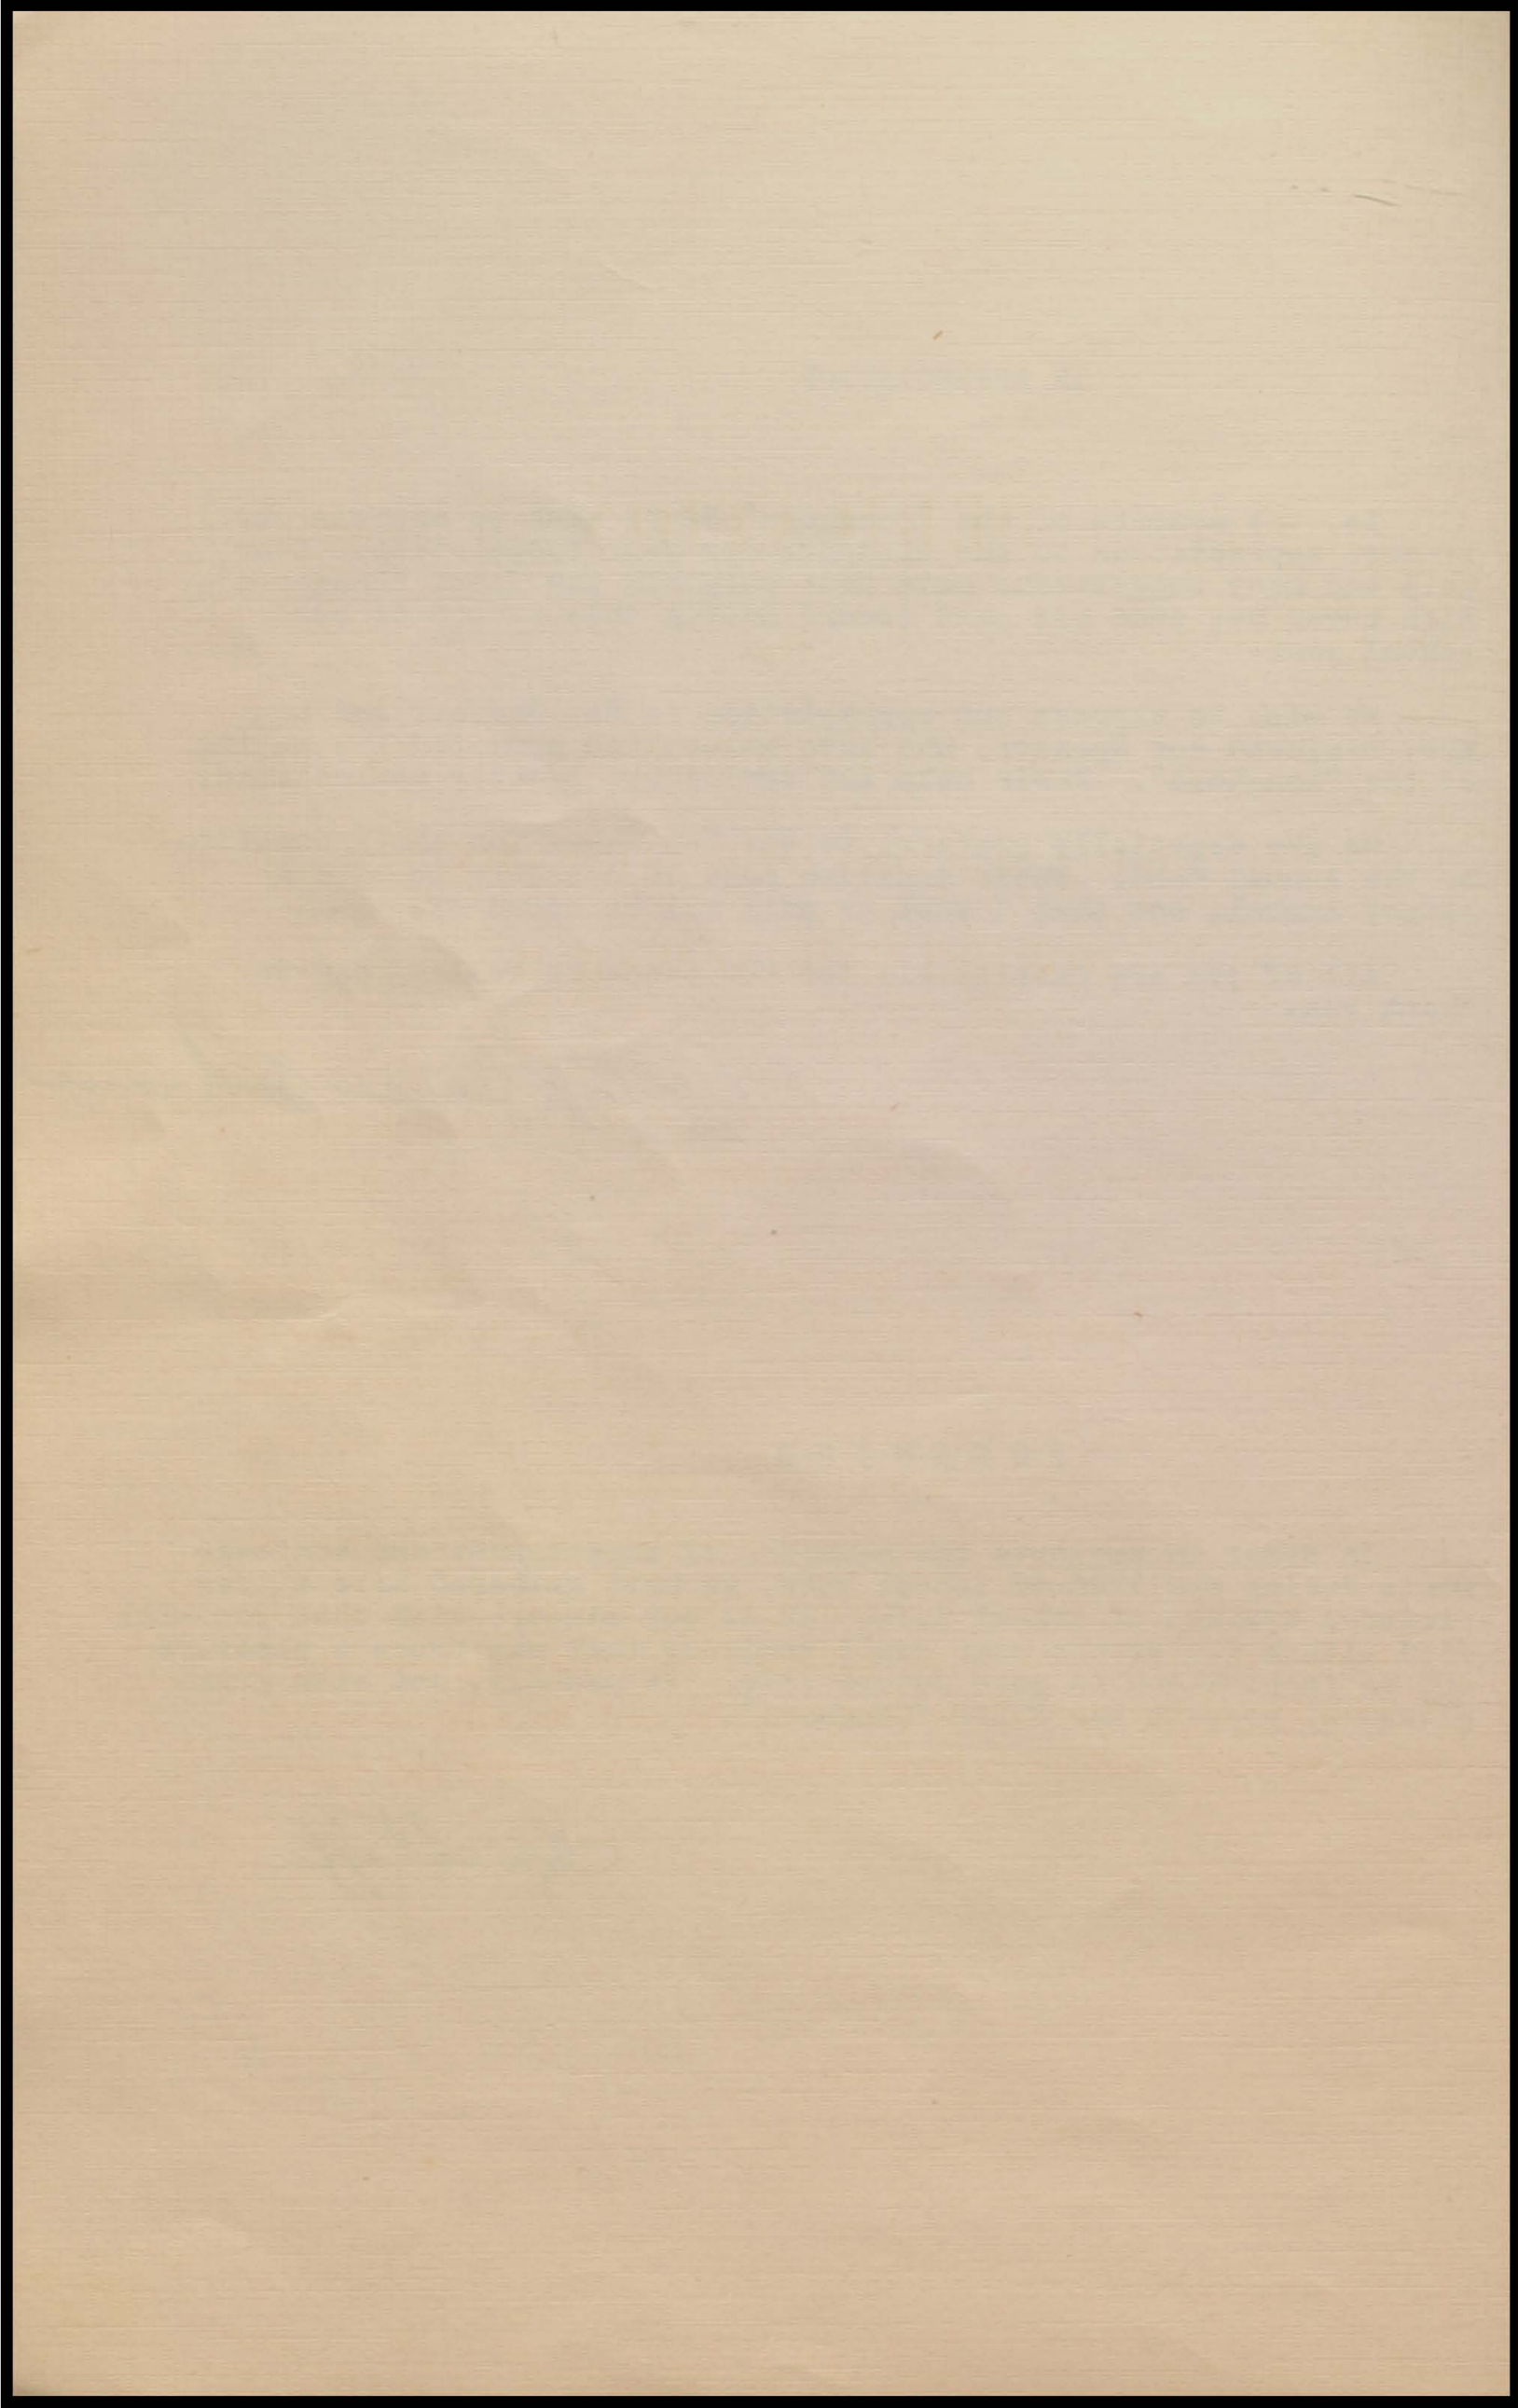

All of you are responsible for the pages to follow, and we thank you.

FOREWORD

In order to preserve the memories of experiences and achievements during our 1945-46 school year, we have gathered here a few pictures typical of school life. It is our sincere wish that you will find within its covers some small reminder that may prove a pleasure and an inspiration in your future life. We proudly, and with great pleasure, present the FIRST "Longhorn".

DEDICATION
to the
McLEOD STUDENTS
WHO SERVED OUR COUNTRY
DURING WORLD WAR II

During the days of war the student body at McLeod became quieter, and more subdued as we watched our boys go one by one to serve our country.

Many times in the past we have heard our old school bell as it summoned the boys and girls from day to day, and year to year, back to our school tasks. There were days and years that some of the old familiar faces were missing. But now, as the students and ex-students read these pages of the Longhorn, we will all join in saying that we are happy to have peace restored on earth again and pray that it will be a lasting one.

It is with this prayer, this aim, and this universal desire that we dedicate this year book to the McLeod High School Students who so nobly served and especially to those two who made the supreme sacrifice that we might continue to have a free school, community and country.

During the days of war the student body of Malbod High School
and more so than ever we watched our boys go off to serve our

Many times in the past we have found our old school days in

our school books. There were days and years that some of the old
faces were missing. But now as the students and our students read these
pages of the yearbook, we will all join in saying that we are happy to

Friends:

May I take this opportunity to congratulate the Sponsor, Staff, and the entire High School student body on the completion of this 1946 year-book, the first one ever produced by McLeod School. Beyond a doubt this book will be cherished highly by each one who secures a copy. The fine spirit and workmanship of this project, the school annual, as well as many other projects in which you have participated during the year, are typical of your interest and willingness to work for your fellow students in keeping with the philosophy that people are to help one another.

May you continue this same spirit of fellowship and cooperation throughout the many years ahead. That the future may hold that which is both pleasant and profitable for you is my sincere wish.

Sincerely yours, .

BOYS BASKETBALL

Our basketball team was under a considerable handicap this year due to the fact that most of the players were inexperienced and there was only a small number of boys interested in taking part.

In the beginning of the season we were all anxious to start training. We rushed right into it with a winning spirit and the will to work. We won only a few games but at least we didn't come out last in our own tournament.

In our last games in a tournament at Omaha we lost the one game which would put us in the Consolation bracket and that really meant something to us. Incidentally, we had exactly five men to play that day; no substitutes at all.

We didn't make the most points in every game, but we equalled or overdid our opponents in sportsmanship.

I see that Donald "Taxi" Speer was high-point man in most of the games that he played in. When he makes a long shot you should hear those girls cheer!

Harold Jones is the all-star from "Rambo High" this year. It would have been better if he could have made a goal on those fancy shots, eh, Harold?

Of course, Jimmy "Weak Freak" Mohr had to get his arm broken. He fights too much anyway, I think.

Casey Wall is another "Rambo" expert.

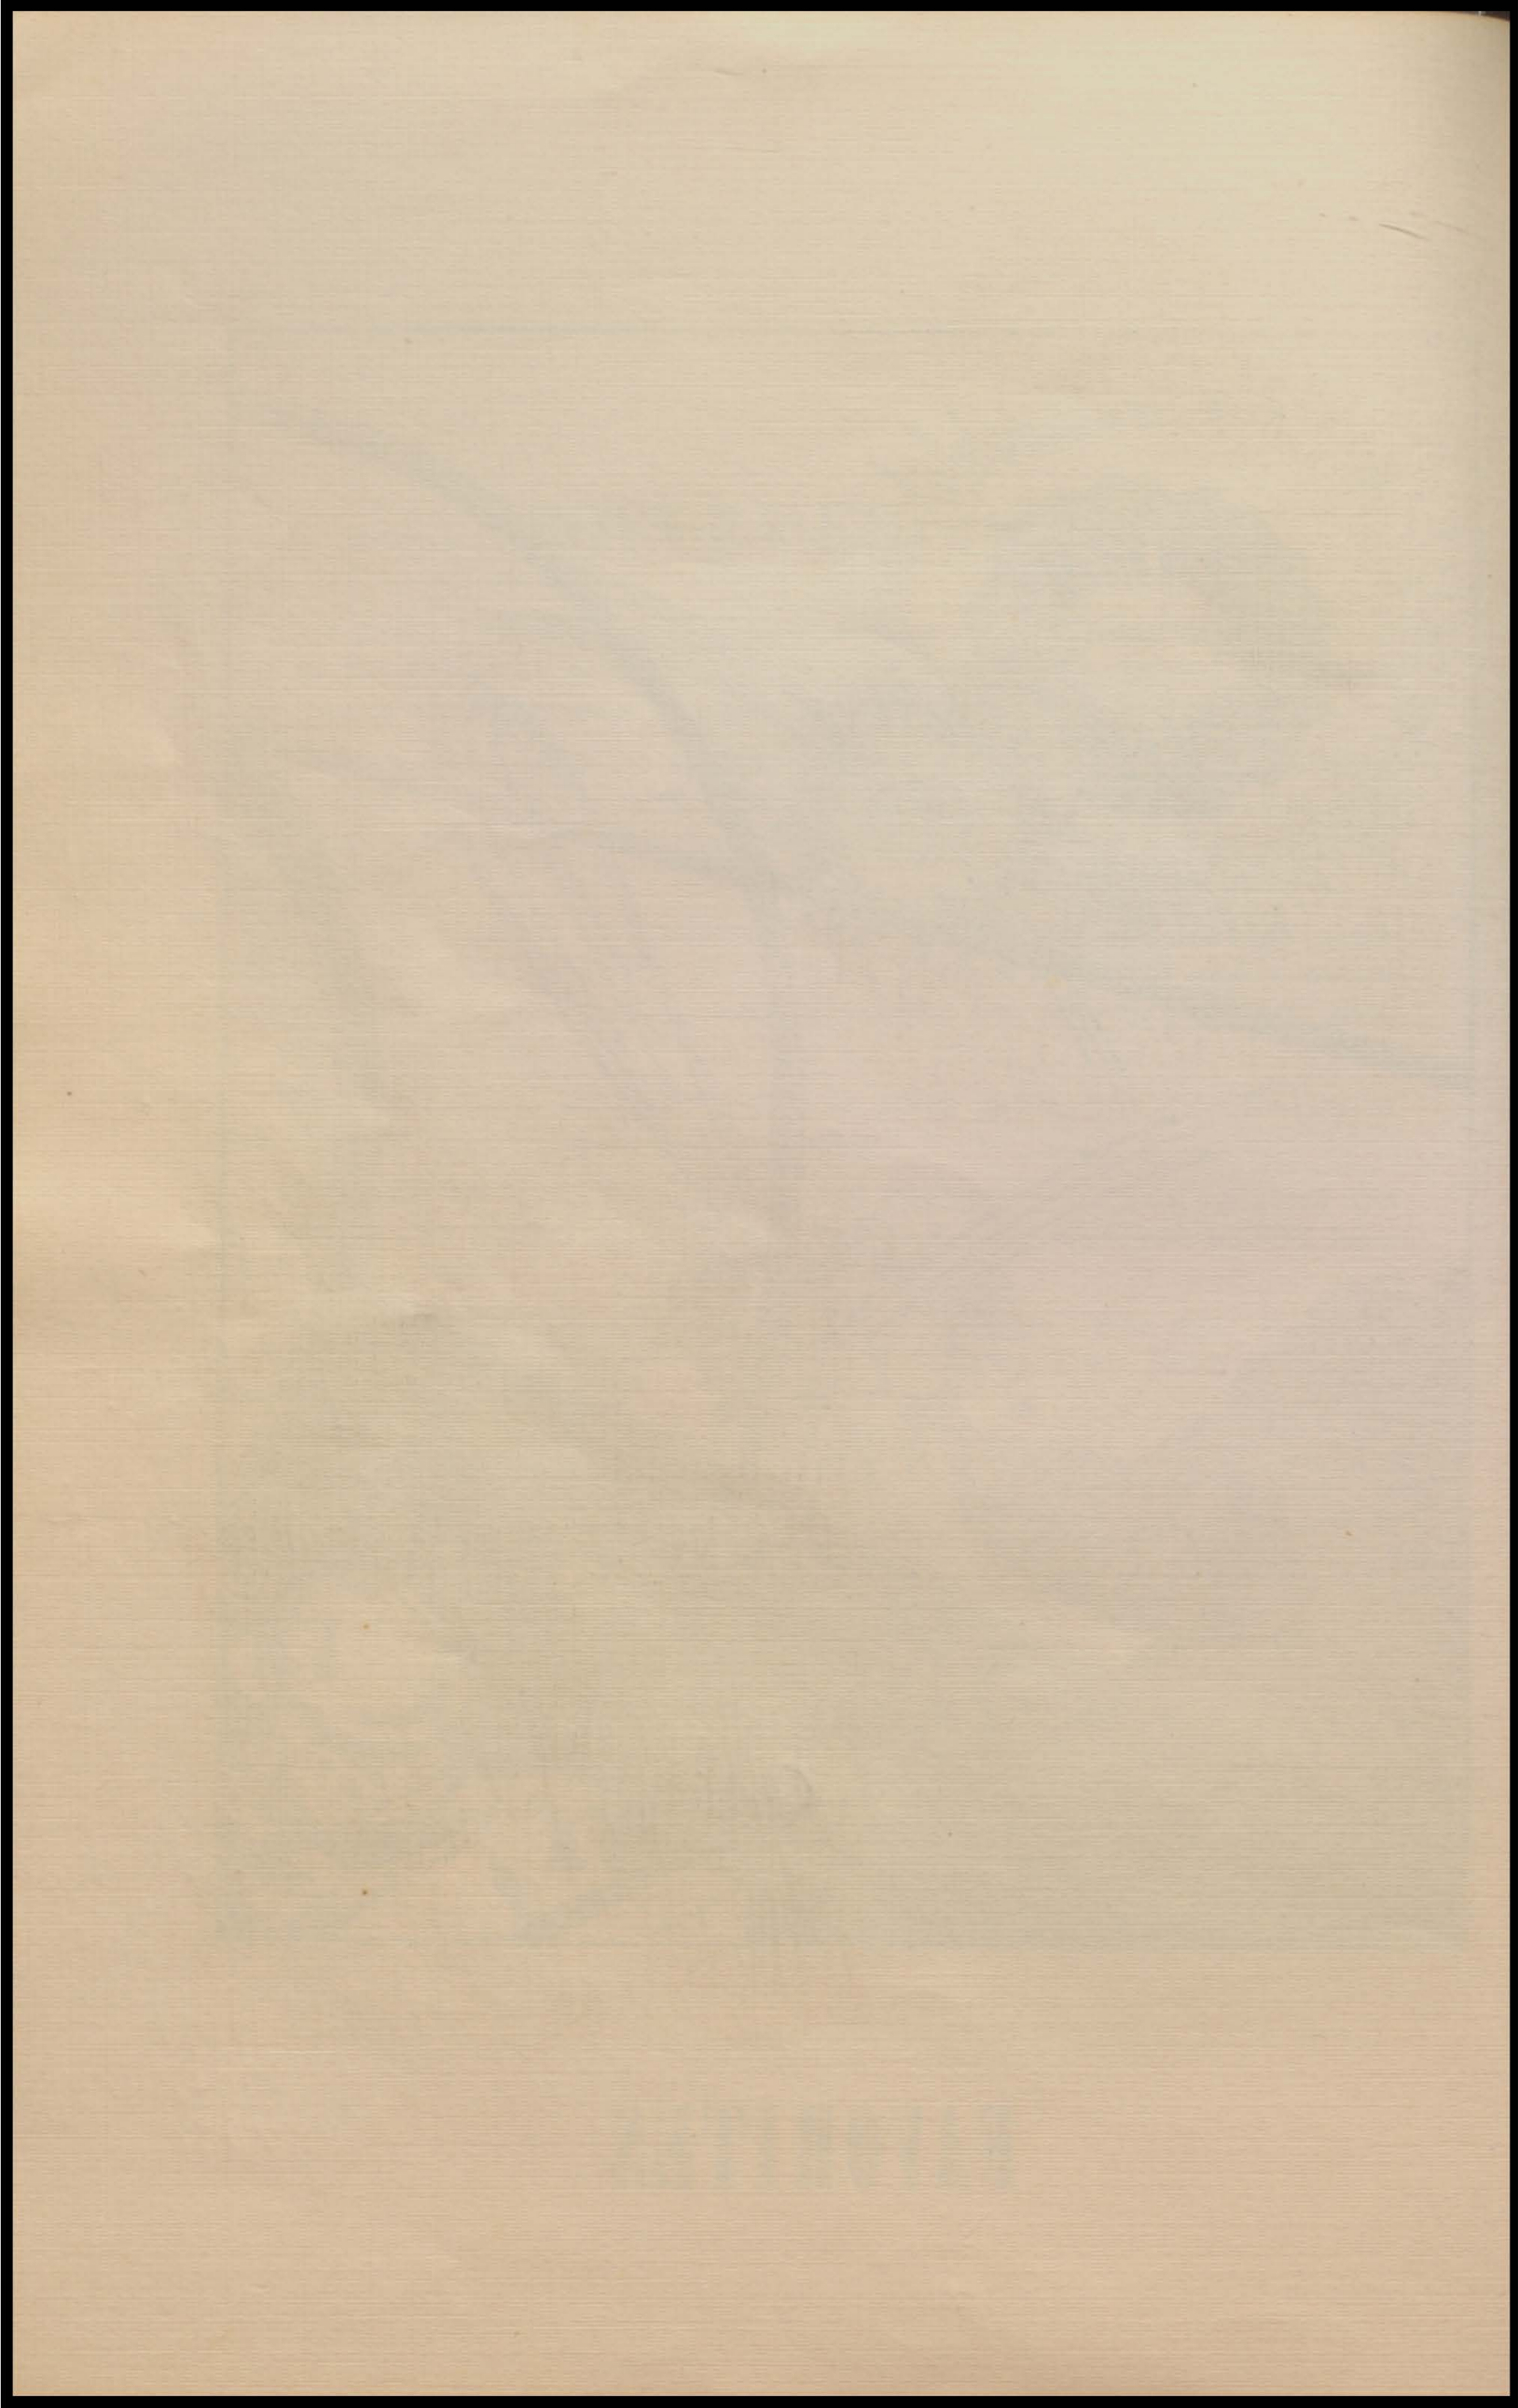

Wonder what business Charles Gryder and Paul Liles had in Houston the day of our last game?

"Dub" Dortch and Donton "Meanie" Mauldin are just substitutes, so why mention them, anyway?

We are looking forward to a better and stronger team next year and we'll show the coach just how good we really are.
