McLEOD SCHOOL  
McLeod, Texas  
1962-1963

## FOREWORD

As our high school years draw to a close, we look back upon these wonderful years as students of McLeod High School with fond regret. This annual, Longhorn, will serve as a lasting memory.

We hope we have included memories for each and everyone of you, and that you enjoy reading this annual as much as we have enjoyed compiling it.

The Annual Staff

WE SALUTE . . .

MR. LEWIS HAM

We, the staff of the 1963 LONGHORN, salute our superintendent, Mr. Ham, whose help makes possible the fine education each boy and girl in this community receives. He has been very effective in giving the students greater opportunities for learning so that they will be better prepared to go forward in the future. Without his dedication to duty, his untiring effort and great interest, it would not be possible to have the school we have today. We sincerely wish to extend a token of appreciation to him for giving so unselfishly of his time, efforts and interest to the advancement of McLeod School.

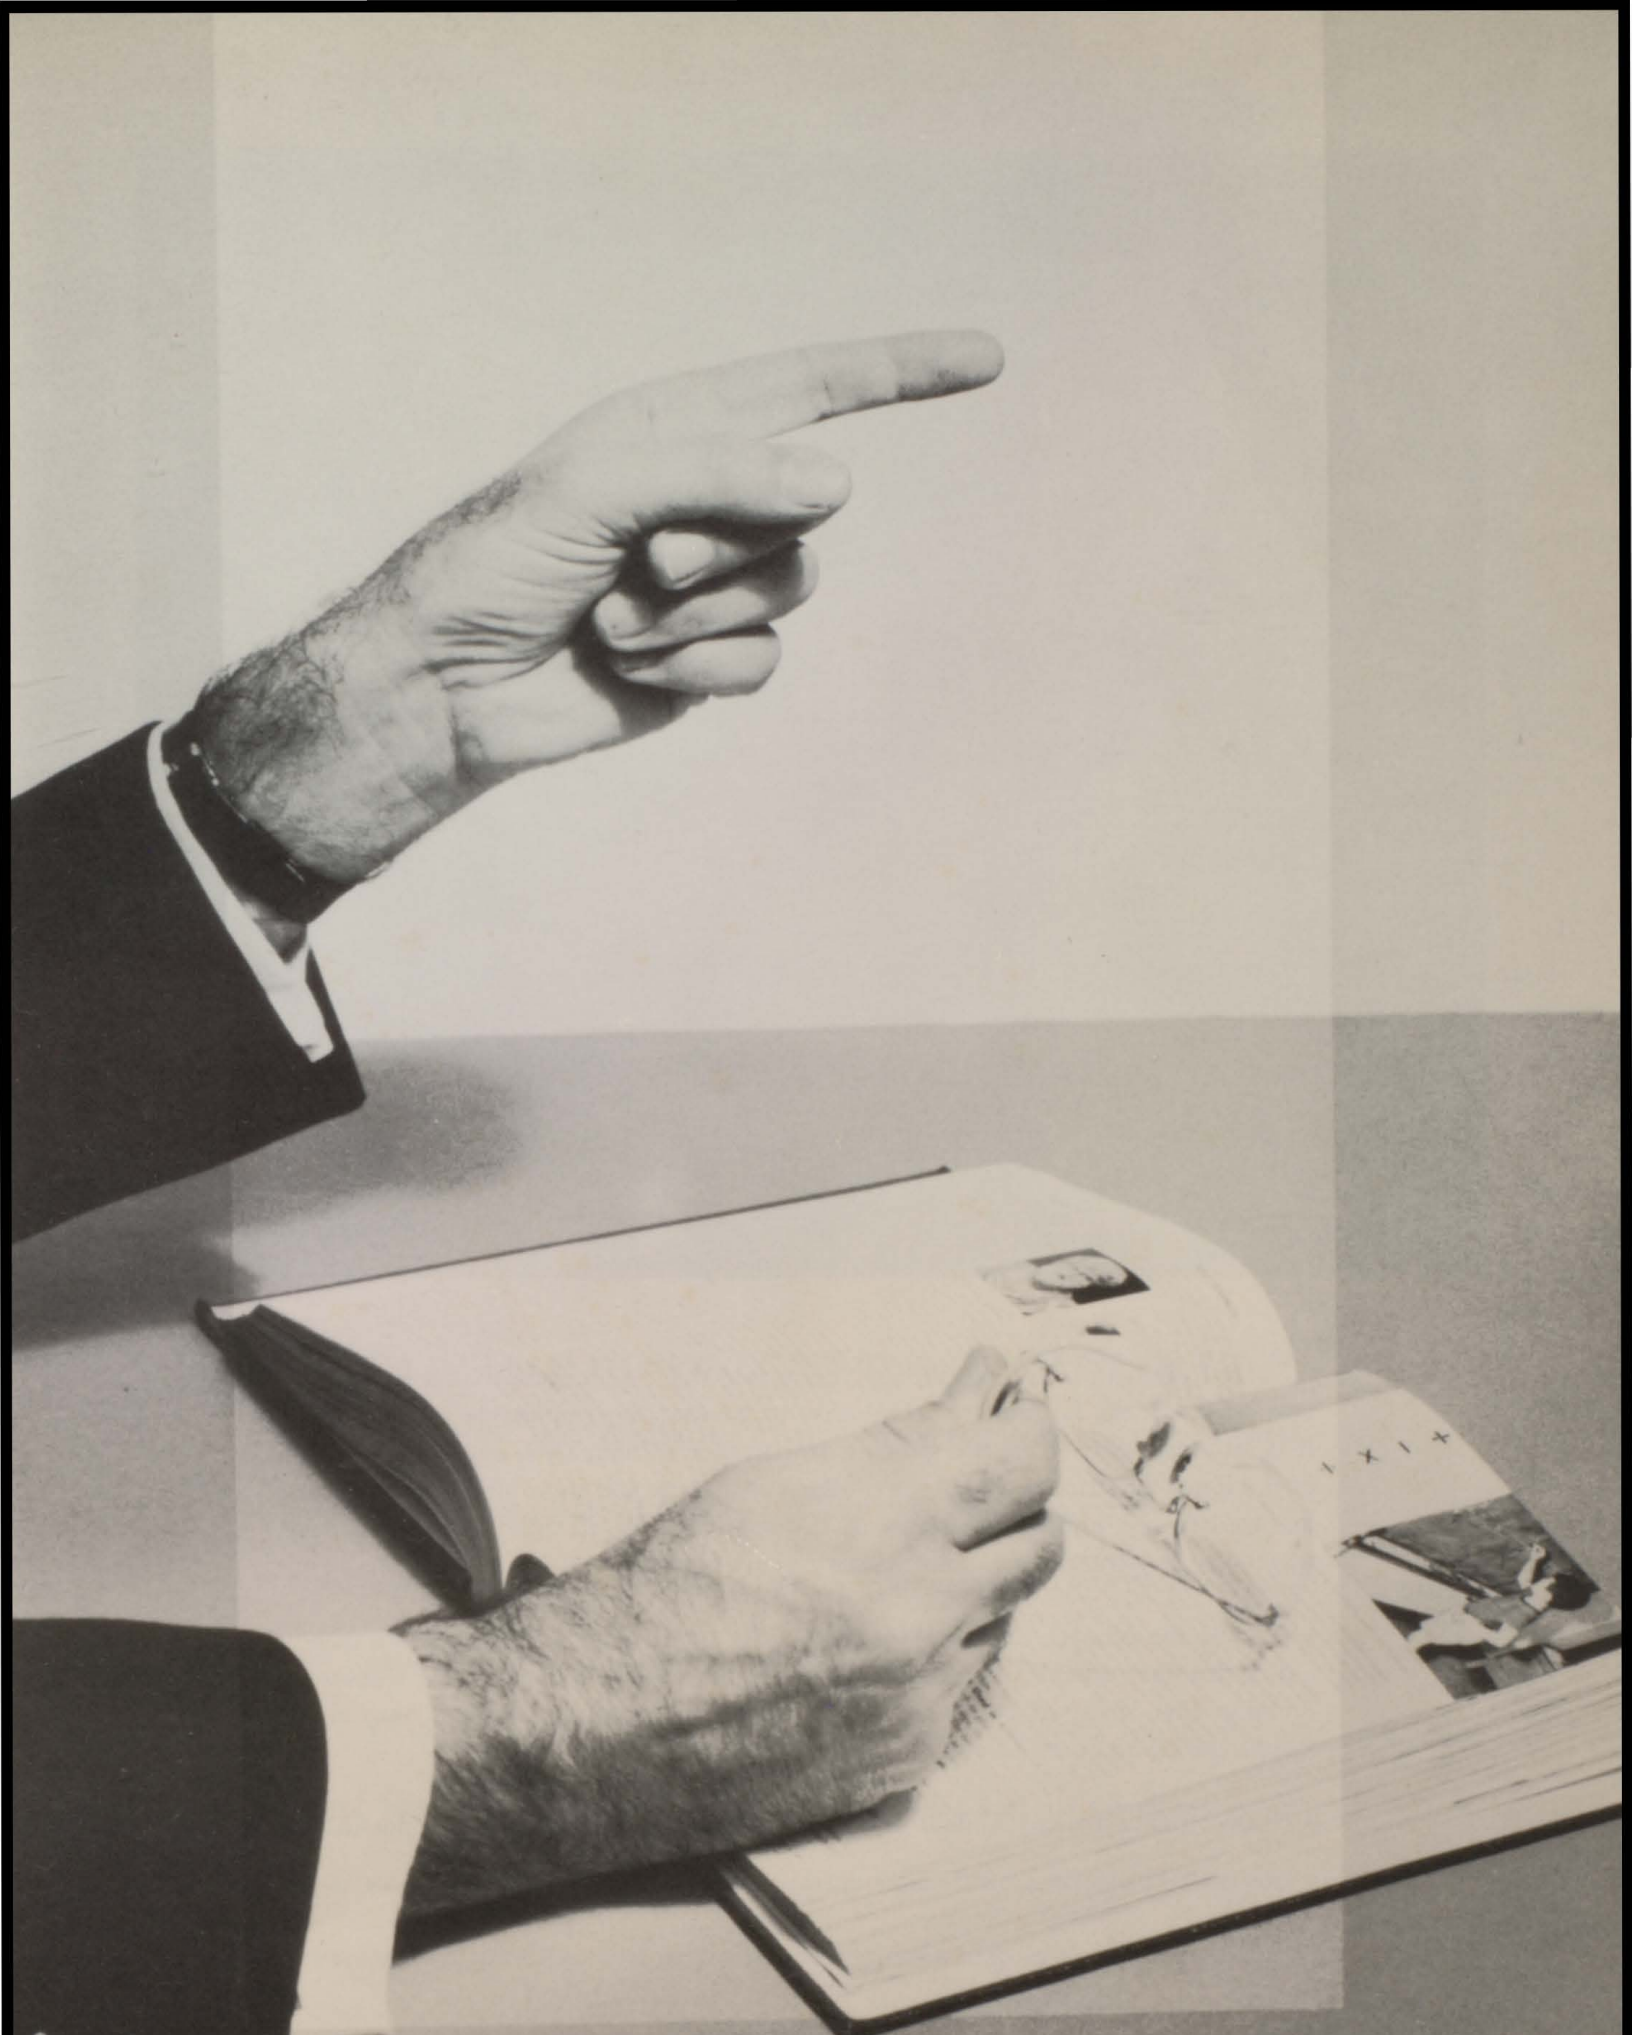

NOLAN LONG

IN MEMORIAM

# Administration

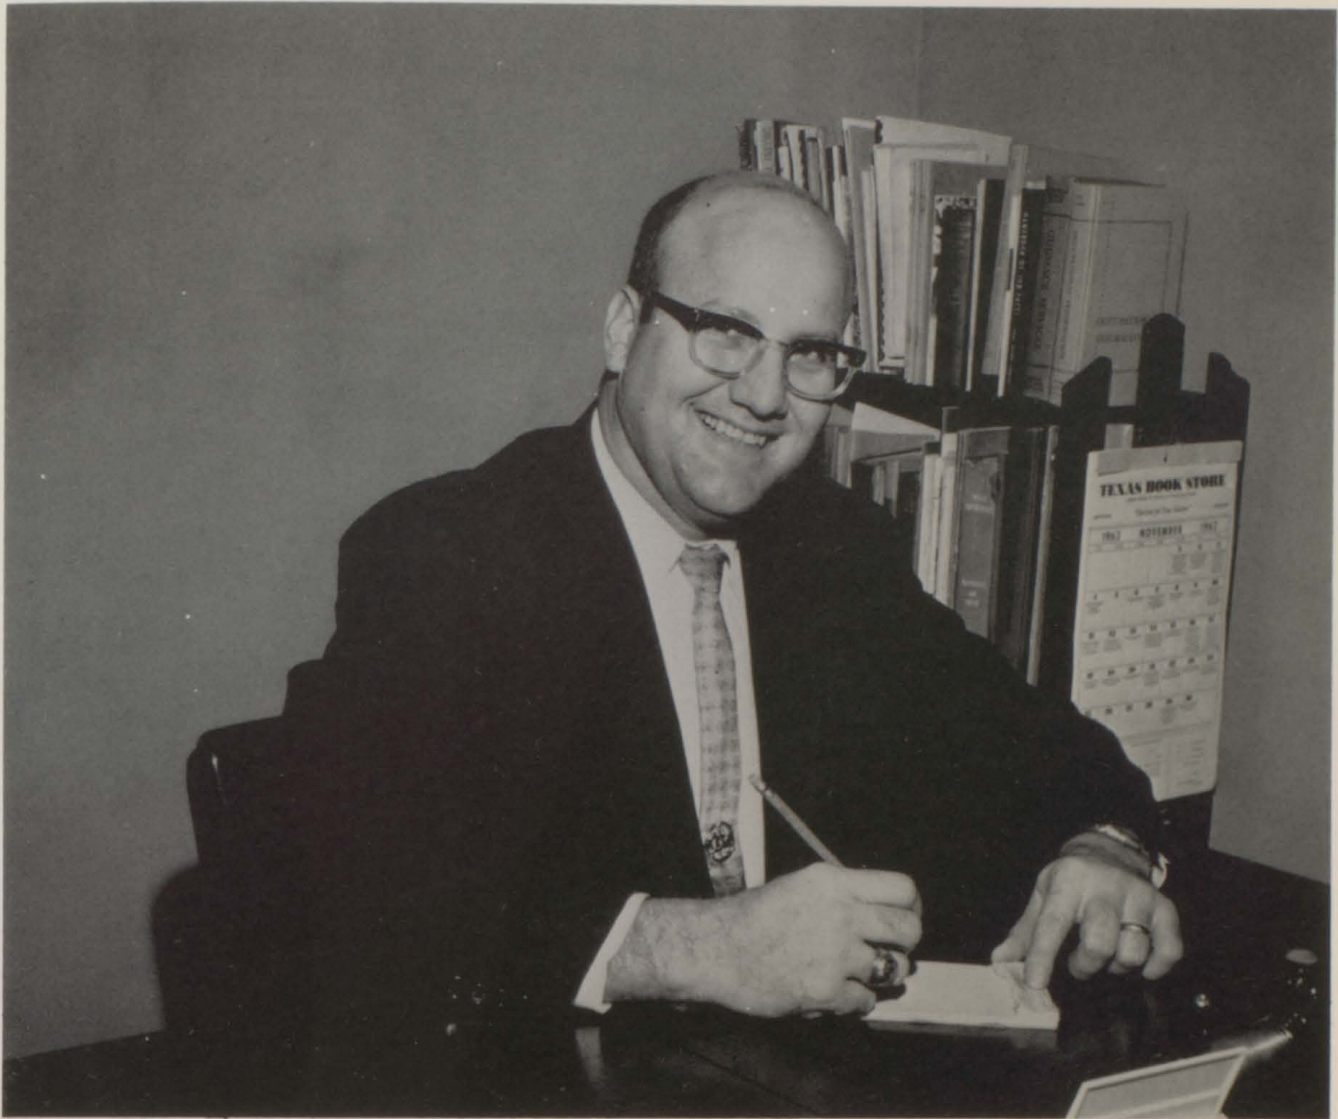

Lord Braughm, an Englishman, once said that "Education makes a people easy to lead, but difficult to drive; easy to govern, but impossible to enslave." It is impossible to stress the growing importance of education enough, in light of the world situation as it is today. Each year more and more uneducated men and women are joining the ranks of the unemployed. If this is the case now, what will the situation be ten or twenty years from now?

It is the objective of the McLeod School to provide the best possible education for each student, according to his or her ability to learn. We sincerely hope that many of our students will use the education received here as a steppingstone to go on to degrees of higher learning.

Our thanks to the Annual staff and their sponsor for making this possible.

The teachers of our school join with me in extending best wishes to the members of the 1963 Graduating Class. I hope you will enjoy life's richest blessings and the greatest success possible in your chosen career.

We want to thank the annual staff for producing this fine book. It will be treasured by each teacher and student alike.

To the student body let us say "thank you" for making the school year of 1962-1963 an outstanding year in the history of the McLeod school system in that we had such a successful accreditation visit. I have enjoyed being your teacher and principal and will treasure our friendship in the years to come.
