

QUEEN CITY HIGH SCHOOL

THE KENNEL

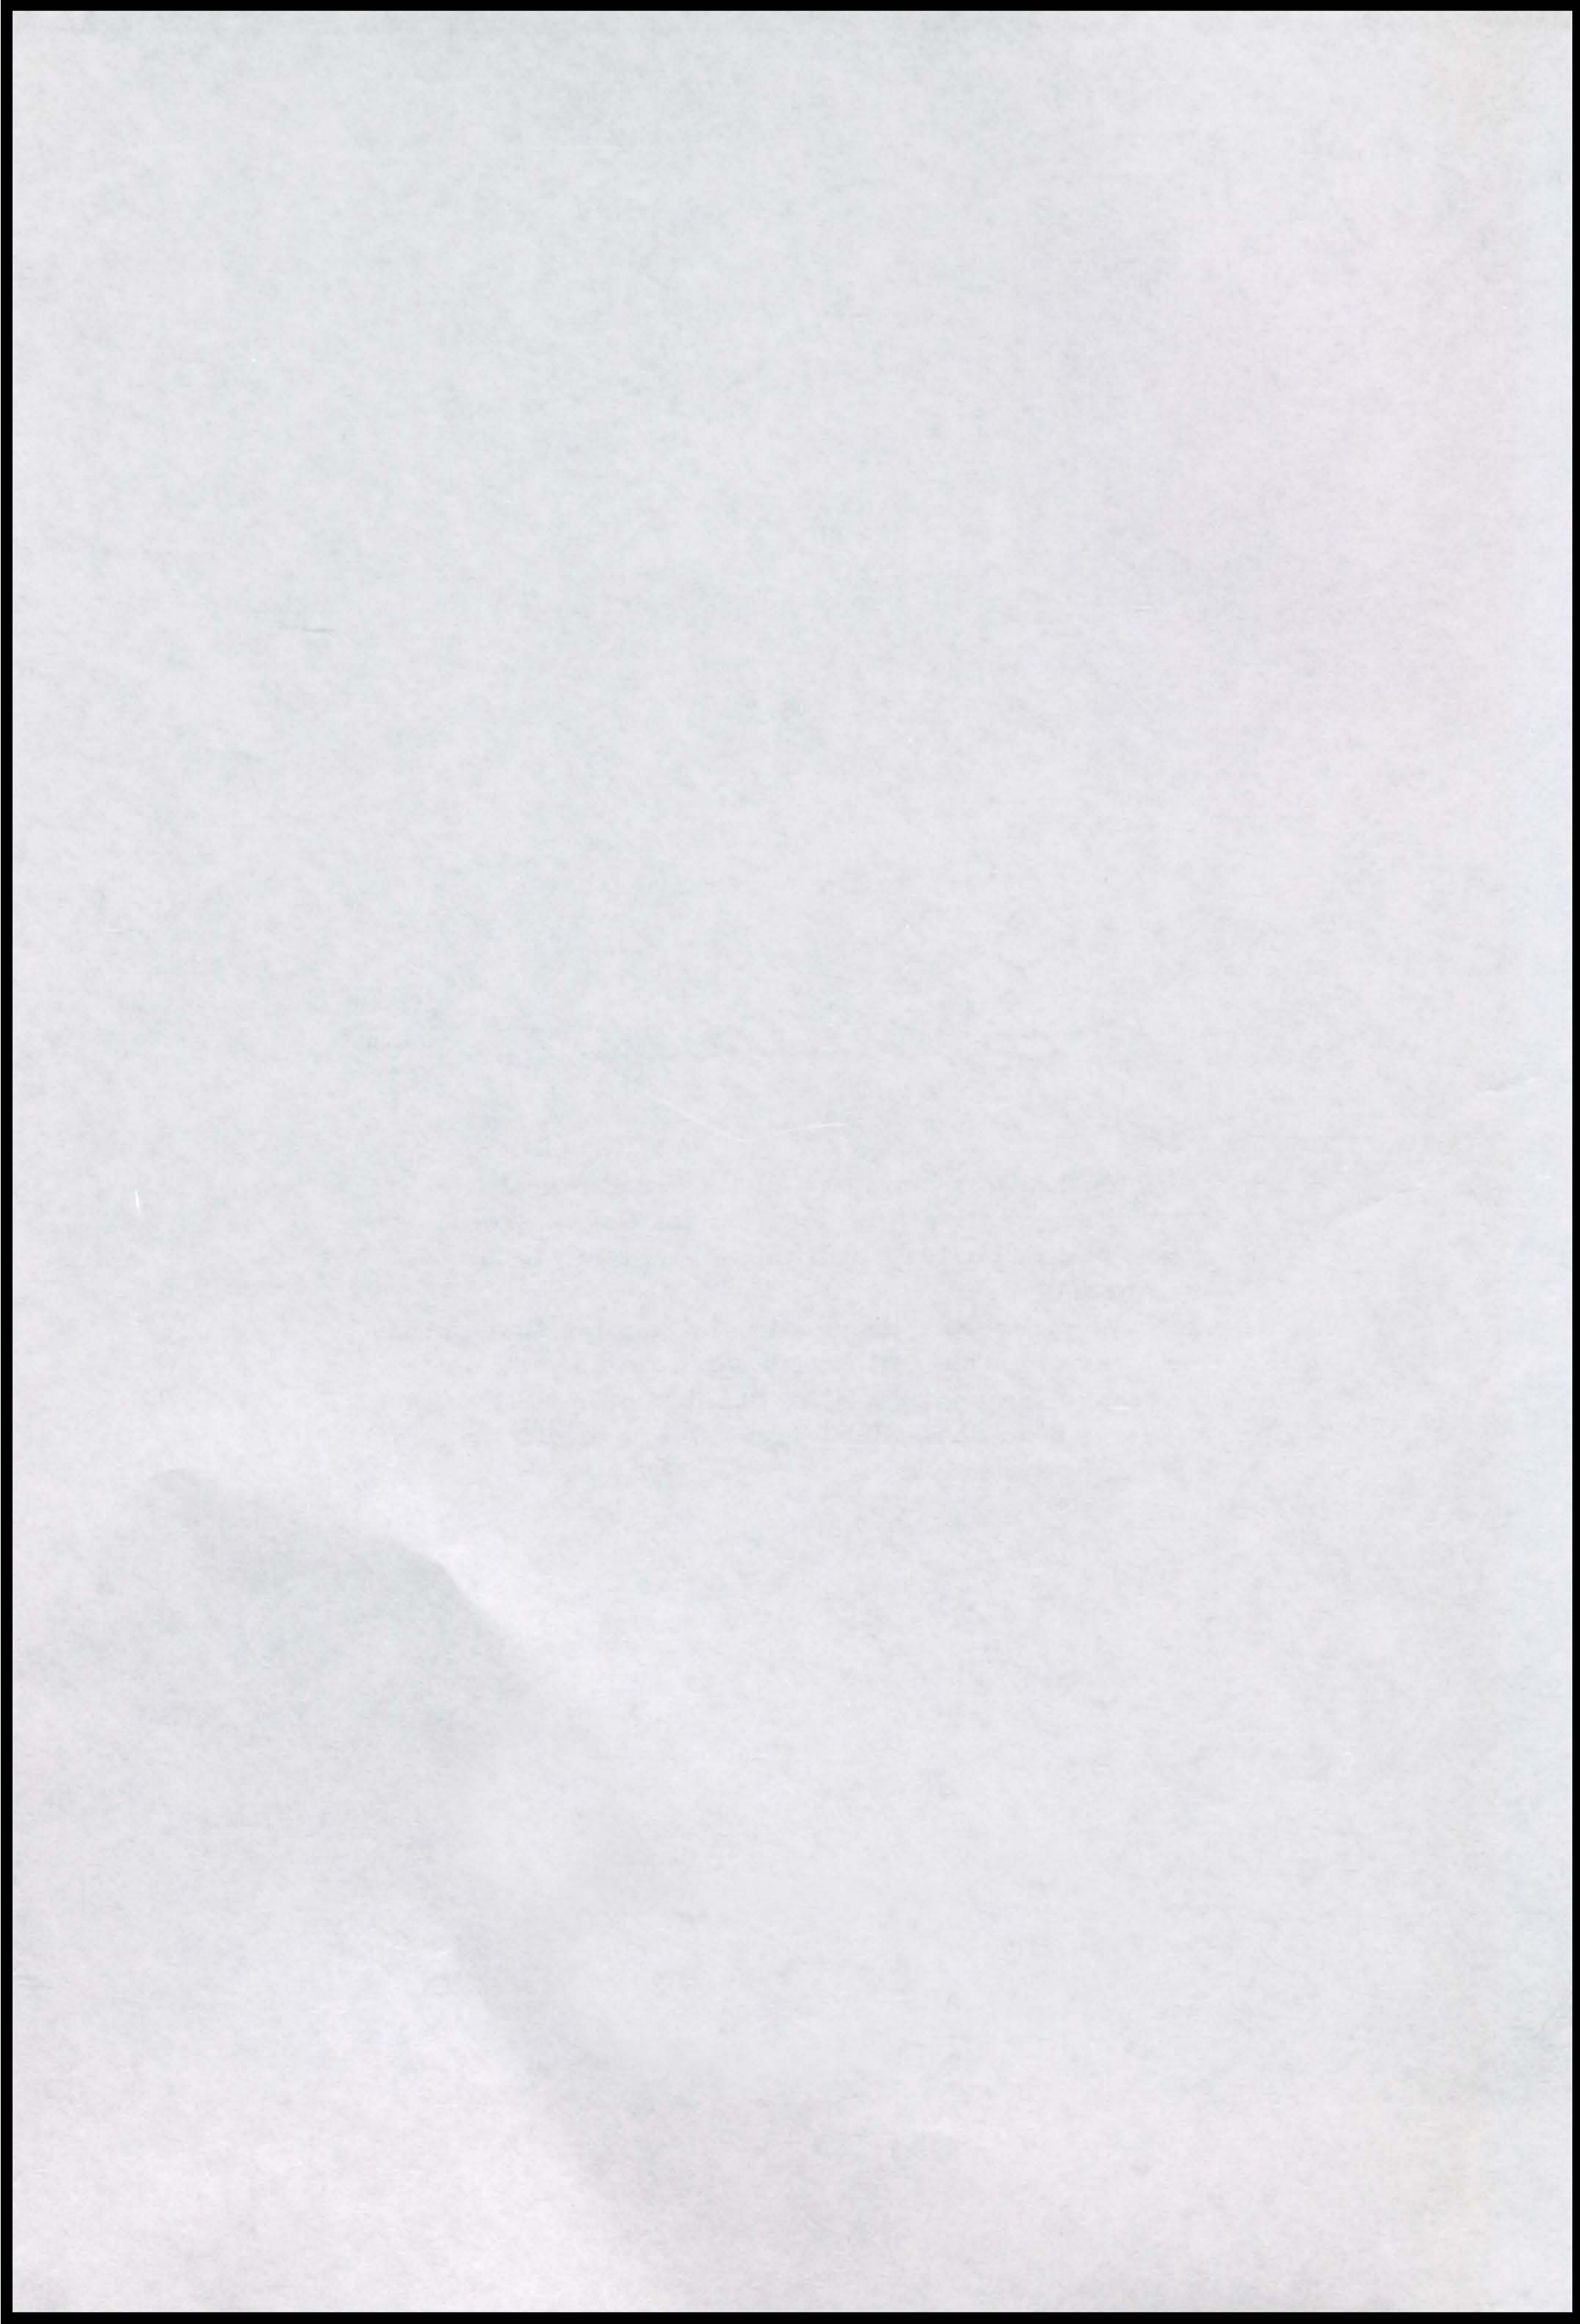

1949

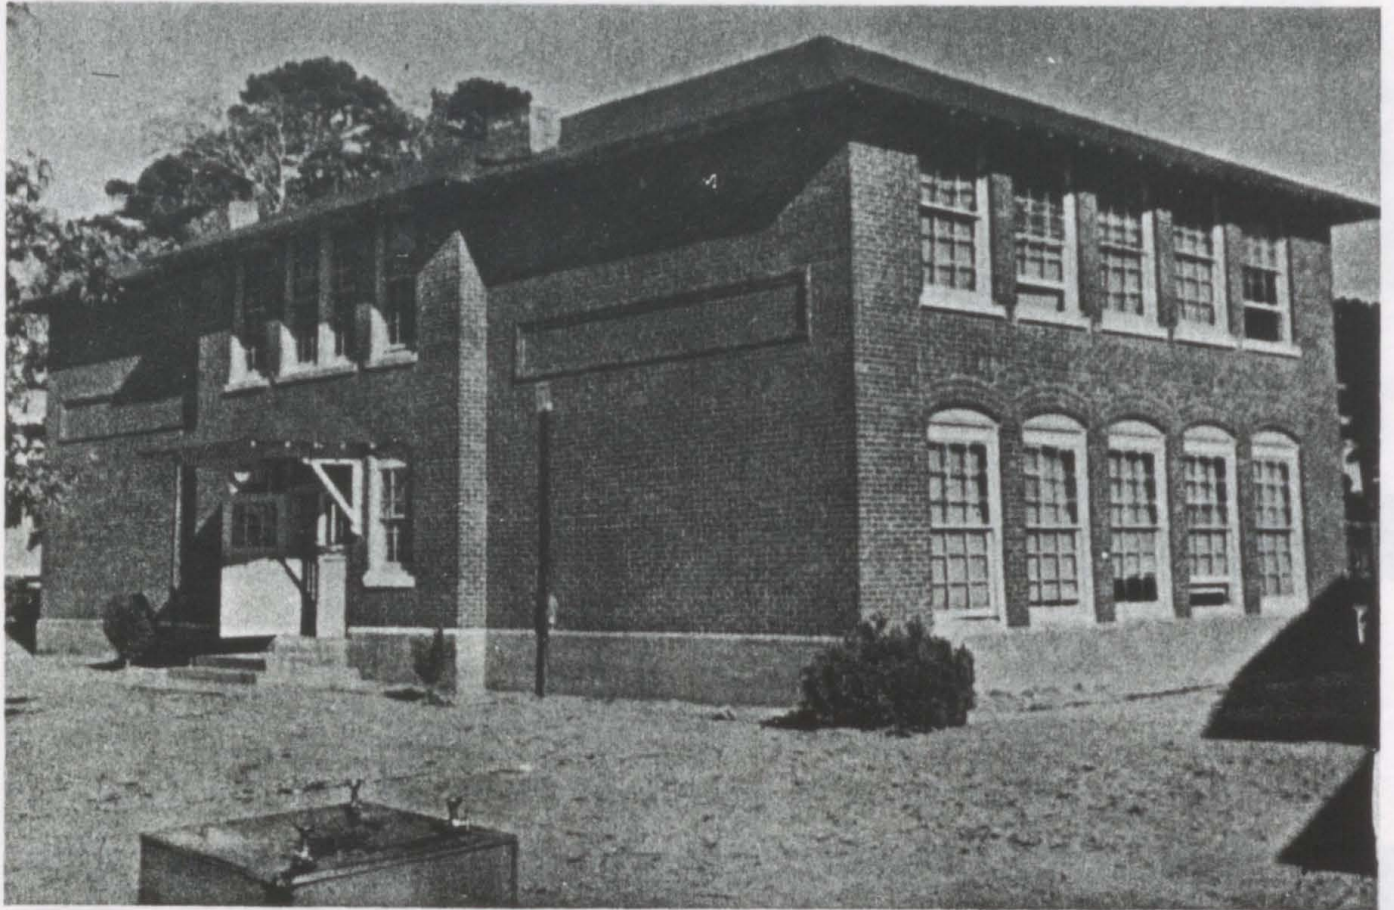

Foreword

Within this book are flitting shadows of life--
Mirrored events of glorious School Days. We have
attempted to portray in it these moments to be re-
membered.

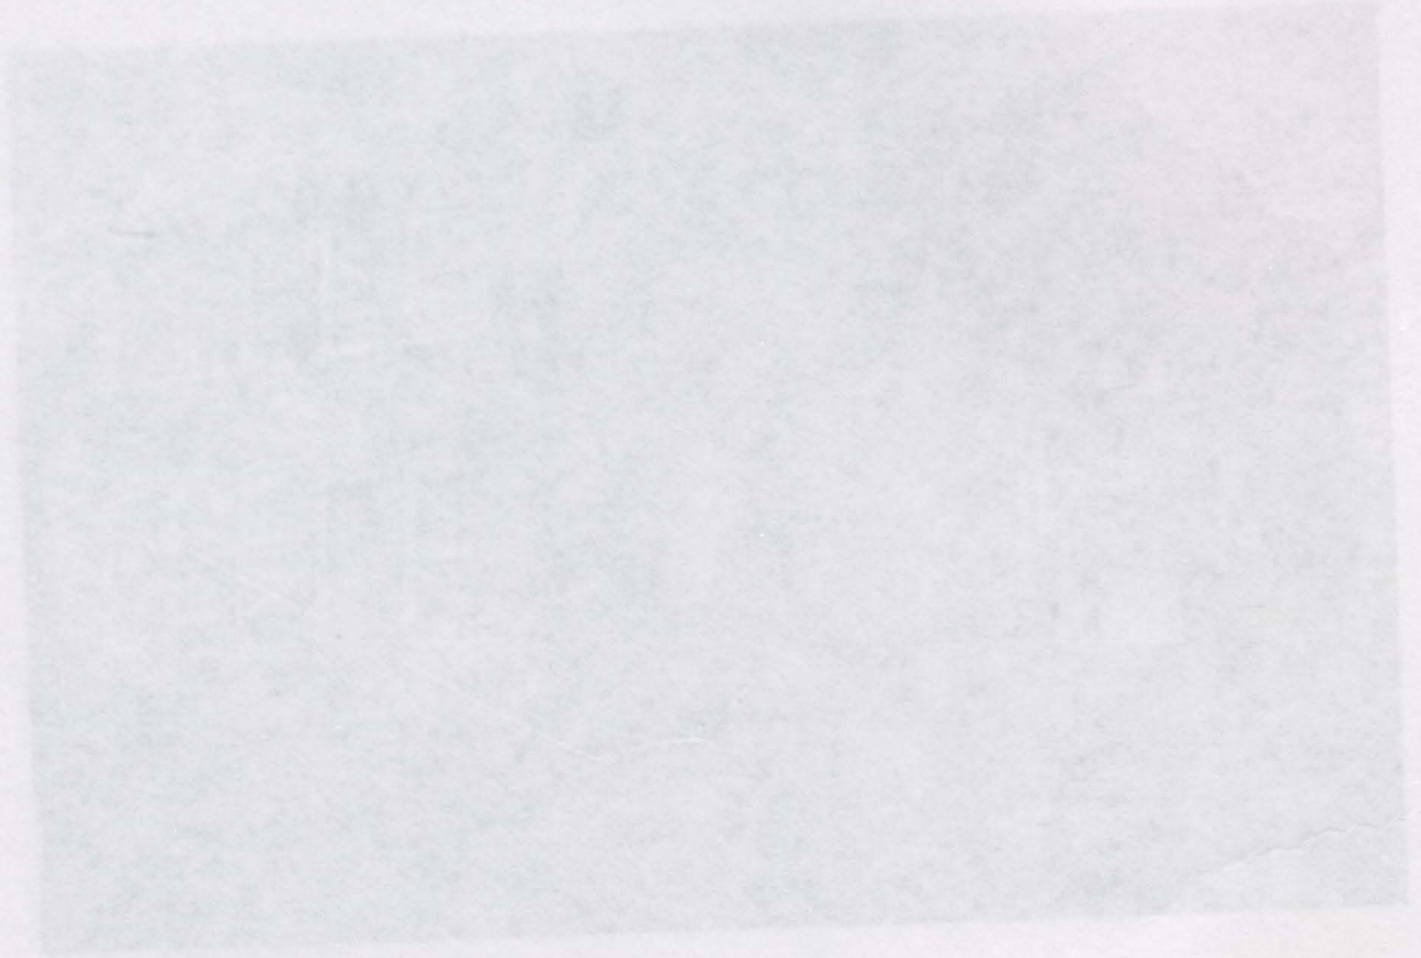

We present this book to you, hoping that in that
far away eventide of life, its worn pages may some-
how make the years a little happier by recalling the
cherished old days, old friendships, and old loves of
our Alma Mater!

First Grade

The First Grade of 1948-1949, is composed of fourteen boys and eighteen girls. Of this number three have not missed a day. They are Aderice Harrison, Mary Alice Stanton, and Winnie Hancock. Aderice and Mary Alice ride the bus and are always on time.

The following were recently selected as the most popular boy and girl: Bill Powell and Marjorie Murrah.

Marjorie Murrah received the most votes for the First Grade Duchess in the Queen's race at Halloween. The votes were a penny each. She chose Douglas Barnwell for her Duke. Winnie Hancock and Aderice Harrison were flower girls, Bill Powell was crown bearer and Jackie Watkins was candle lighter.

It is a great pleasure to have been the first to instruct these children. This group is wide awake and very easily trained.

The training of these alert children will bring enthusiasm and encouragement to the teachers that will have them in charge in the future.

Among the things that this First Grade has learned is a number of prayers. The manner in which they say them is very commendable in children of this age.

Another praise for this group is their attitude when they enter the class room with a happy "Good Morning" greeting. The flowers that they bring represent the love and respect they have for their room.

First Grade

The First Grade of 1948-1949 is composed of fourteen boys and thirteen girls. Of this number three have not started a day. They are Abner Harrison, Mary Alice Madden and Winnie Hancock. Abner and Mary Alice ride the bus and are always on time. The following were recently selected as the most popular boy and girl: Bill Powell and Mary Alice Madden.

Mary Alice Madden received the most votes for the First Grade Duchess in the district term as follows: The votes were a penny each. She chose Douglas Harvey, Bill for Duke, Winnie Hancock and Abner Harrison were chosen girls, Bill Powell was chosen boy and Jessie Madden was voted light.

It is a great pleasure to have been the first to instruct these children. This group is well trained and very easily trained. The training of these kind children will bring enthusiasm and encouragement to the teachers that will have their charge in the future.

Among the things that this First Grade has learned is a number of poems. The manner in which they say them is very commendable in children of this age.

Another feature for this group is their attitude when they enter the class room with a happy "Good Morning" greeting. The teachers find they bring somewhat the love and respect they have for their room.

Second Grade

The Second Grade class of 1948-1949 is composed of fifteen girls and fifteen boys. This class is evenly divided and well matched for any opposition that might arise from either sex. Out of this class we have three boys and three girls who have not missed a day. They are: Charles Donley, Franklin Humphrey, Jerry McAlexander, Betty Gail Golden, Deloros McCasland and Vada Reddin.

Our class favorites, taken by secret ballot votes are Jane Sirmons, and Allen Roach Kight.

In the Queen's race for the Halloween Carnival, Jane Sirmons was voted by money vote to be the Duchess from our room and she chose as her Duke, Allen Roach Kight. Deloros McCasland and Betty Gail Golden were train bearers, and Bennie Ray Caver was candle lighter.

This Second Grade class is a very progressive one and has made this school year a very interesting and successful one.

FROM OUR SUPERINTENDENT

In the last few years, Queen City Junior High School has grown from a 200 pupil school into a school where we have 333 scholastics. This year we are the fourth largest school in Cass County, with only Atlanta, Linden, and Hughes Springs being larger. When we consider that we do not have the Eleventh and Twelfth Grades here, we can see that our school would possibly be the second largest if we had a four year high school.

Sometime in the future, Queen City will have a four year high school. How far in the future it will be, depends upon several things. Certainly, one of the most important things on which a full high school is dependent is the awakening by parents to the realization that their son and daughter deserve a good school as much as boys and girls who live in other parts of Texas. Until parents and interested citizens demand a good four year high school, the students must suffer.

In the next edition you will be given the other reasons why you do not have a grade "A" high school, and what you can do to get it.

The Fifth Grade observed National Fire Prevention Week by making several instructive posters on the subject.

The Fourth Grade is proud of their picture show that they completed a few weeks ago. They are enjoying such shows as "Little Black Sambo" etc.

The Fifth Grade candidate for the Queen's race is Margareite McCasland. She chose as her escort, Troy Sirmons. The Queen will be crowned at the Halloween Carnival, Monday night, October 15.

The Fifth Grade enjoyed the play, "Columbus and the Boy Scouts" presented to them by the Sixth Grade.

FROM THE SUPERINTENDENT

In the last few years, Queen City Junior High School has grown from a 500 pupil school into a school where we have 1200 students. This year we are the fourth largest school in Cass County, with only Atlanta, Lincoln, and Hughes Springs being larger. When we consider that we do not have the five months and twelve grades here, we can see that our school would possibly be the second largest if we had a long year high school. Questions in the future, Queen City will have a four year high school. How far in the future it will be, depends upon several things. Certainly, one of the most important things is which a full high school is dependent is the willingness by parents to the realization that their son and daughter deserve a good school as much as boys and girls who live in other parts of Texas. Until parents and interested citizens demand a good four year high school, the students must suffer. In the next edition you will be given the better reasons why you do not have a grade "A" high school, and what you can do to get it.

The Fifth Grade candidates for the Queen's race in Miss ...
Gretchen McCasland, the winner, as her name, Troy Simpson. The Queen will be crowned at the Holloway Carnival, Monday night, October 14.

The Fifth Grade enjoyed the play, "Columbus and the Boy Scouts," presented to them by the Sixth Grade.

The Fifth Grade observed National Five Prevention Week by making several instructive posters on the subject.

The Fourth Grade is proud of their picture show that they completed a few weeks ago. They are enjoying each show as "Little Black Sambo," etc.

ACTIVITIES

The Ninth Grade has had a very enjoyable year. On the night of December the 23rd, 1948, the Freshman and Sophomore Classes had a Christmas party in the school gym. After having a wonderful time playing games, we exchanged gifts. Everyone left, feeling tired, but happy.

On the night of February 24, 1949, the Freshman Class, sponsored by Mrs. Herman Draper and Mrs. Zoe Miles, gave a Farewell Party in honor of Harold Roberts. We were most happy to have Harold as a fellow student, even though he was here only a short time. In that short time he endeared himself to us all, and to a very great degree with one little girl. About thirty students were present at this party. Everyone had plenty of punch and cookies and had a lot of fun playing games.

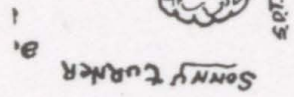

In the Queen's race at Halloween, we chose Betty Parker to be our representative and a very successful one she was. Betty was defeated by only about fifty votes. She chose Charles Ray Griffen as her escort. Next Halloween we hope to have the Sophomore Class to win above all (as we'll be the Sophomores of next year!)

Mr. Gibson: Who in the name of common sense told you to plant those stinking petunias?
 Charles Griffin: Your wife, sir.
 Mr. Gibson: Pretty, aren't they?

"Myrna," asked Mr. Hileman, "how far were you from the right answer?"
 "Only three seats, sir!"
