## A BACKWARD GLANCE WITH A FORWARD LOOK By John C. Sirmans

One score years and a decade ago  
Our forefathers brought forth into this district  
a young man dedicated to the task of making it grow.

He arrived on the scene to find the number of buildings and teachers few.  
During the following years, he proved he knew what to do.

He united the neighboring districts and through the years we did grow.  
He found seven teachers willing to work and be tough.  
With him as leader came the consolidating of Anti, Blalock,  
Hebron, Springdale, and Knights Bluff.

The big old gym vanished from the scene to be replaced by a brick.  
In the new structure food is served which some declare, "It'll make ya sick."

The little white school building for elementary was replaced with new brick.  
A short time later, its burning was enough to make you sick.

The number of boys and girls grew thick.  
He soon realized, "We gotta get outa this 2-story brick."  
He began to plan, work, and sweat.  
Then he declared, "We'll not be out done yet."

Replacing the old gym with a new was quite a treat.  
By then, people realized this young man was hard to beat.

In planning the new wings for grade school and high school,  
he decided one thing he was going to do.  
Even though in the halls there would be more noise,  
he was going to get rid of the two little buildings with signs reading "GIRLS" and "BOYS."

That young man has grown older and accomplished many a chore.  
Just last year he told the school board, "I'll do a little more."  
With the coming of International Paper, the district was soon to thrive.  
Now he says, "WE'LL HAVE A SCHOOL THAT'S COOL IN '75."

His toil and life over these years sometimes causes his body to ache,  
but Queen City will long remember this man, "Mr. Jake."

On behalf of the student body, I present you, Mr. Hileman, on this morn,  
this self portrait for it was on this day that you were born.  
HAPPY BIRTHDAY FROM US TO YOU!!!
