Superintendent's Message

In this day and time there seems to be a negative attitude about our schools and education in general. Therefore, I think it is necessary to emphasize again the importance of education. Many times we hear reference made to the cost of education. But, the cost can never be as much as what ignorance would cost. No country or nation is any stronger than its capacity to properly educate its citizenry. And, our future depends upon the degree and quality of our educational system. From an aesthetic point of view or from a practical point of view there is no way we can overly stress the important of education in our lives.

Abraham Lincoln once wrote, "Upon the subject of education, not presuming to dictate any plan or system respecting it, I can only say that I view it as the most important subject in which we as a nation can be engaged." That was over 100 years ago. Today we have become so accus-

tomed to having schools and education readily available at minimum cost that some of the uninformed public cover our schools with more criticism than praise for what students and teachers are accomplishing. Regardless of the criticism from some segments of our population, no one can dispute the fact that our schools are still our greatest single natural resource. Our affluence, prosperity, per capita income, and the happiness of our people are directly tied to what happens in the classroom.

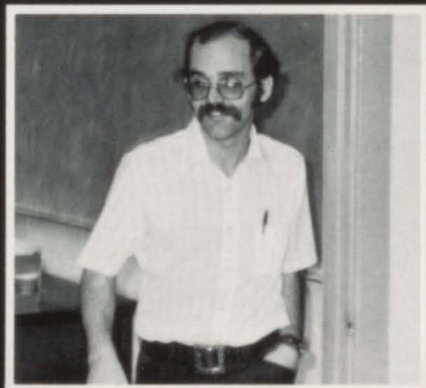

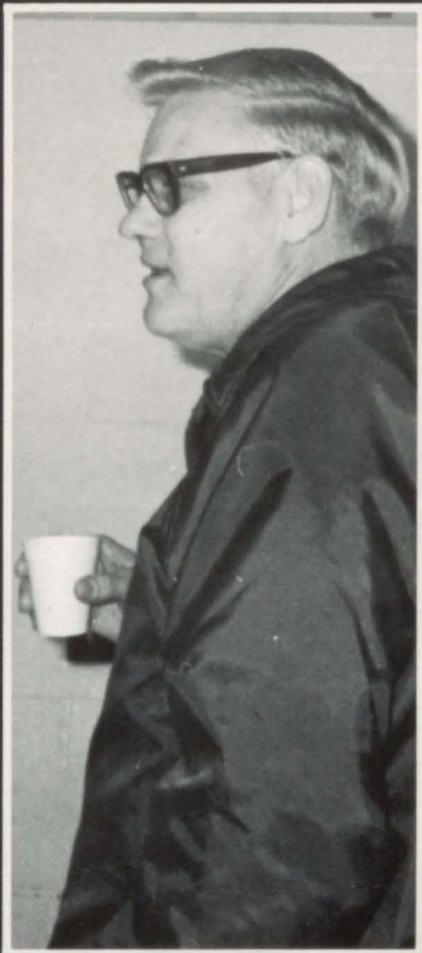

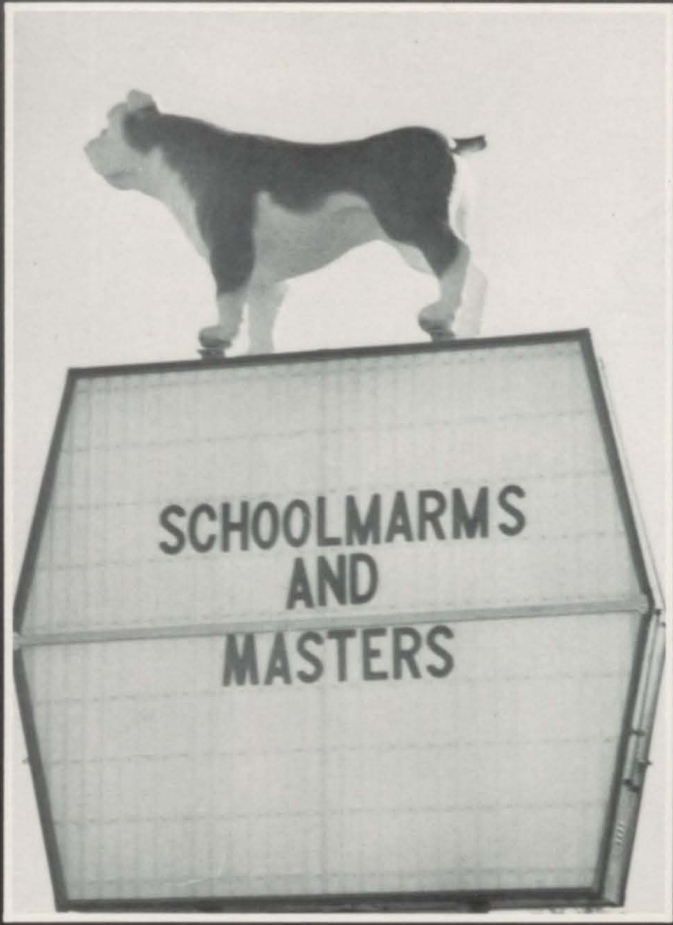

Economists tend to deluge us with statistics about resources, productivity, investments, etc. But, it is the skills and talents of a nation's citizens that determines its place in the world. For example, Brazil is brimming with natural resources, and Denmark has few, yet Denmark, with a highly educated population has a per capita income far greater than Brazil's. Mexico is rich in resources and Switzerland has few, but the Swiss enjoy a standard of living far exceeding that of Mexico, for the Swiss are also a highly educated people. Both Japan and Germany, whose resources and factories were devastated in World War II, have demonstrated that a skilled population can create an economic miracle.

This only indicates the pride we should have in our schools, our teachers, our students, ourselves. We are a part of the greatest educational system in the world today. Education is giving us unlimited possibilities. No. Education will not guarantee success, but it gives everlasting opportunity. As Thomas Wolfe wrote,

"To every man his chance;
to every man regardless of his birth,
his shining, golden opportunity.
To every man the right to live,
to work, to be himself,
and to become whatever thing his manhood
and his vision
can combine to make him."

This is the importance and the promise that education has for everyone.

July 25-29 the Queen City High School Cheerleaders attended camp at East Texas State University in Commerce. The first night the girls were awarded a green Honorable Mention. They were also awarded the first spirit stick to be given to any school at the camp. The second night the girls won a red excellent and a blue superior marking their outstanding nightly improvement. The third night the cheerleaders were again awarded a red excellent ribbon, and their last day at camp the girls won a blue Superior Ribbon.

Bulldogs Take First District Championship

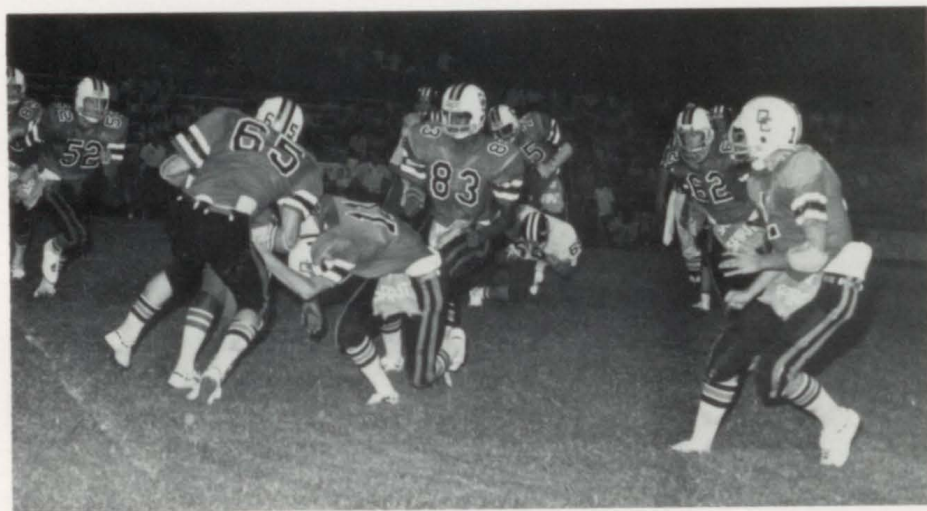

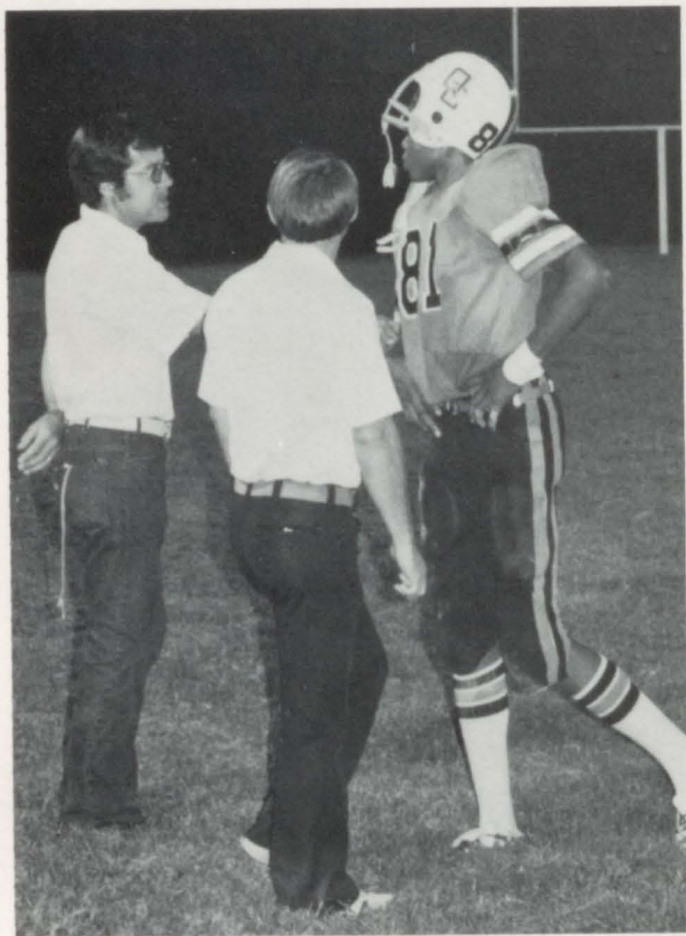

For the first time in school history, the Queen City Bulldogs won an outright championship in football.

The Bulldog team also set a new school mark with nine victories, and achieved the school's first perfect district record at 6-0.

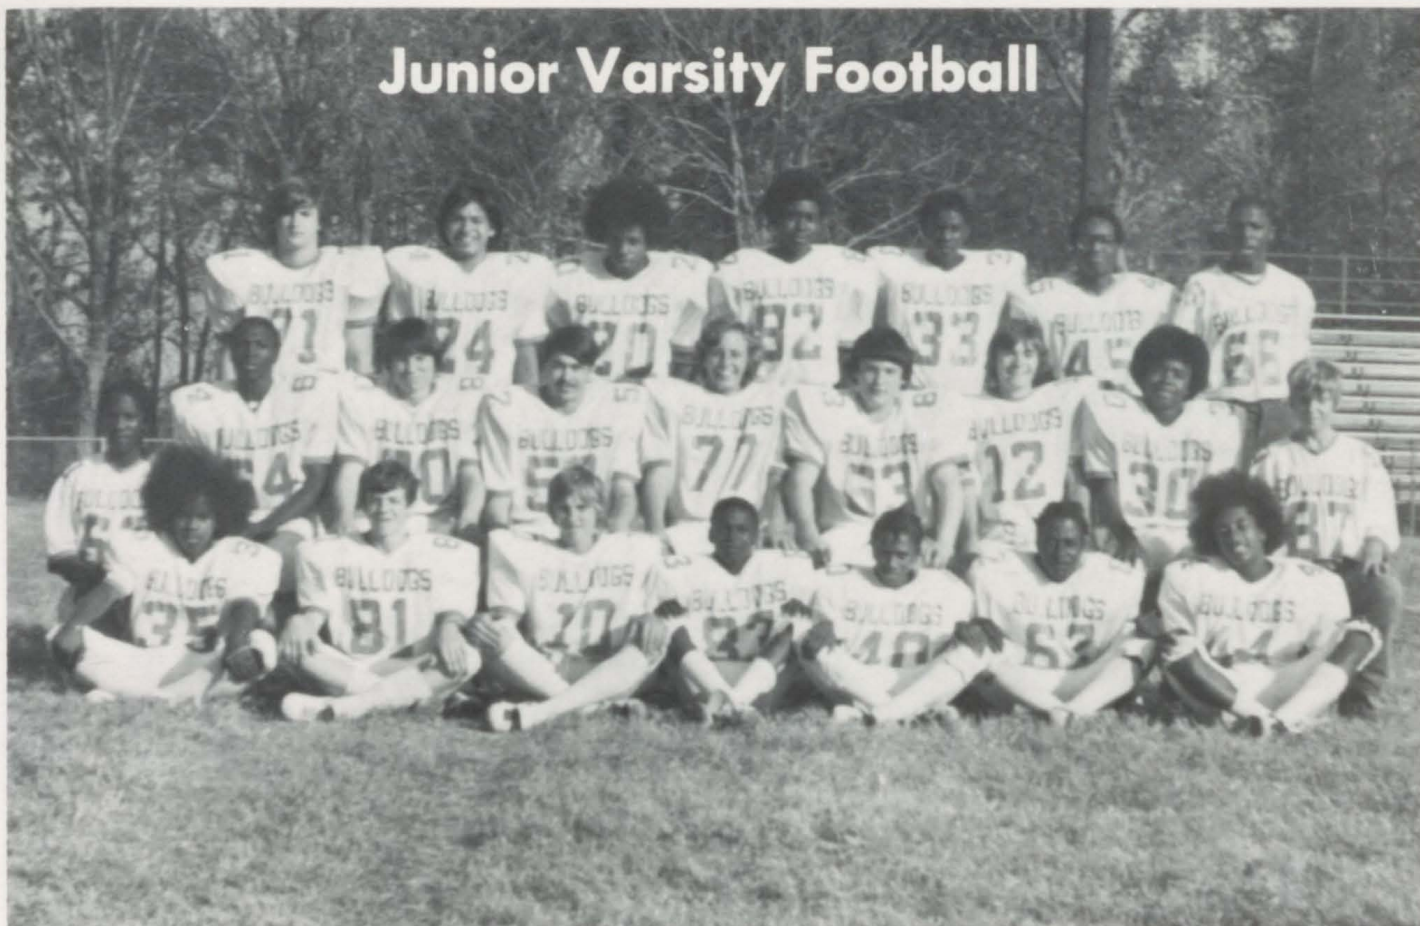

Although the Bulldogs lost their first state playoff contest, a 20-0 setback at the hands of Arp, the 1977 season was a truly rewarding time for the fans and players alike.

Head Coach Phil Jones, the Coach-of-the-year in District 20-A, commented, "Much credit must be given to every member of this team for their tremendous desire to become champions of our district. They have set a precedent for the Bulldog teams of the future. Becoming a champion is hard, remaining a champion is harder. But I have no doubt next year's team will meet this challenge and keep the district crown in Queen City."

Bulldogs Advance to Bi-District

The Queen City High basketball squad captured the district championship while rolling to an impressive 19-7 mark.

The Bulldogs, first half champs with an unblemished 7-0 mark, defeated second-half champ Maud 58-29 to take the overall district championship.

A 70-63 loss to Winona ended the Bulldog's quest for a first-ever trip to the state meet.

Head basketball coach Tommy Brown summarized his second year at the basketball helm by stating, "This basketball season was a success because of the leadership of our seniors. They have set some high standards for us to strive for next season." Regarding next year's prospects, Brown concluded, "We are looking forward to next season because we will have a blend of experience and youth which always kindles excitement."

Rebuilding Season

The '77-'78 season was one of rebuilding for first year Coach Elaine Newton. With the majority of the starting lineup departed, Coach Newton was faced with the task of molding a competitive team from a group of younger, inexperienced players.

The team compiled six wins and gained valuable experience as the season progressed.

"We had our ups and downs, but all in all it was a good season," commented Coach Newton.

Boys' Varsity Track

1978 District 20-A Track Champions

For the second time in as many years the Queen City Bulldogs have won the district 20-A track championship. The Bulldogs, under the direction of Coach Reggie Day, completely dominated the district meet, scoring 145 points with Ore City placing a distant second with 115 points.

The nine seniors, who were the nucleus of Coach Day's first Queen City track team in 1975, finished second for two years and were instrumental in leading the Bulldogs to their second consecutive district title.

Most consistent scorers for the Dogs were seniors Rick Woods, Kent Lee, Alfred Campbell, Dallas Wiggins, Michael Stanmore, and David Hudson; Juniors Donnie Dotson, Lawrence Mitchell, Ron Privett, and Ron Faubion; Sophomores Michael Mack and Wayne Wilson; and Freshman Mark Clayton.

Girls Varsity Track

Second in District

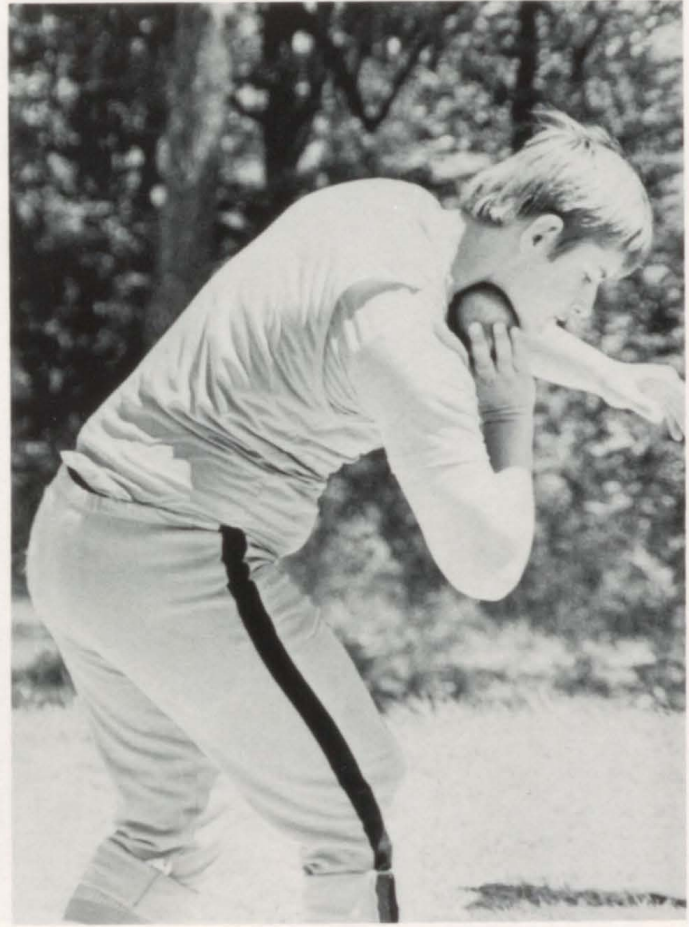

The girl's track team had a good year coming in second in the district meet. Several girls qualified for the regional meet in the following events:

Shot put: Lucy Grundy and Sharon Haynes; 220 and 440 relay team: Lori Belford, Alice Wells, Lettie Simmons, and Jeanette Jones; 220 sprint: Alice Wells; 100 yard dash: Jeanette Jones.
