Annual Staff

The Bulldog Annual Staff is responsible for compiling this yearbook which contains pictures of the past schoolyear's events. Work begins with advertisement sales in September and continues through graduation in June. The staff has taken most of the pictures for this book, as well as originating "The Main Event" as the theme idea and developing it throughout the book.

The Bulldog Bark Staff

Students on the Bulldog Bark staff learn the basic principles of responsible print journalism. They also publish the Bulldog Bark each week in the Citizens Journal. This year, students have won awards in contests sponsored by the Interscholastic League Press Conference, Texas Press Women, Inc. and UIL. Another project this year was the Journalism II class trip to Austin, Texas to attend the UILPC.

DECA

Distributive education is an educational program serving students who are preparing for, or who are already employed in the marketing and distributive occupations. The major objectives of vocational distributive education are to develop job skills, provide technical knowledge and occupational understanding, to improve judgment and increase efficiency of students involved in the fields of marketing and distribution. The fields of marketing and distribution are the occupational fields in which the largest number of Texas citizens make their livings. Queen City Distributive Education Clubs of America participated in the annual Queen City PTA Halloween Carnival. The DECA members helped operate the spook house and donated cakes to the cake-walk.

In February, several students participated in the Area II Career Development Conference in Dallas, Texas.

Math Club

The Math Club was established predominantly to aid in putting on a Math-Science contest and to build a fund for scholarships for deserving seniors. The Math Club sponsor, Robert Koehl, stated that he is proud of the fact that they have put on two very successful contests and have built a formidable Math Team. The Math Club is also the only club in the school who gives a scholarship to a senior for furthering his/her education.

NHS

Members are elected to the National Honor Society by a faculty council which consists of the principal and four or more faculty members of the school. The members are judged on character, service, leadership, and scholarship. The minimum grade point average required for membership in the Queen City chapter of the National Honor Society is 90 percent. The object of a National Honor Society chapter is to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character in all students of your school.

The Queen City High School Science Club

Science Club

To be a member of the Science Club you must be currently enrolled in a science course. The Science Club sponsors several fund-raising projects. This past year, the club sold Q.C. Bulldog dog tags during football season. It also participated in a Math-Science meet held in Queen City. The money made by the Science Club is invested in science lab equipment. This past April, the club took a field trip to Marshall, Texas.

The Queen City High School Student Council

STUDENT COUNCIL OFFICERS from left: Debbie Jones, treasurer; Debbie Kinney, vice president; Belinda Moore, president; Cara Caver, reporter; Tammy Otwell, secretary; Terry Moore, parliamentarian.

The Queen City High School Student Council is an organization composed of elected representatives of all classes and organizations. The Council's purpose is to bring about closer cooperation between the faculty and the student body. The Council also strives to promote in each individual a desire for good citizenship and to create and maintain school interest, spirit and loyalty.

During the 1979-80 school year, the Council attended the fall forum of Northeast Texas Student councils at Ore City. The Council and the National Honor Society jointly sponsored a Christmas assembly and donated the proceeds to Toys for Tots.

Office Education Association

Any student enrolled in the Vocational Office Education Program is entitled to become an active member of the organization. The purposes of OEA are to develop student leadership, improve poise, tact, sociability, and attitude. It is also to develop an enthusiasm for learning and for remaining knowledgeable in the Office Field. The OEA pledge: "We are met in a spirit of friendship and goodwill as we prepare for lives of service in office occupations. We work together to attain the goals of OEA and pledge our loyalty to our nation."

When the football season began, the Bulldogs adopted a motto. The motto was "Let's make 1979 the Year of the Bulldogs." With the leadership of 19 seniors, this was made possible. As a result of one of the hardest fought ballgames that I've seen while coaching at Queen City, the Bulldogs shared a co-championship with Rivercrest. The football game ended 0-0.

The 1979 Bulldogs scored 218 points while allowing only 70 points for its opponents.

Being champions is a great way to leave District 20-A. With the tradition and the brand of football we play at Queen City, we are ready to accept the challenge of District 14-AAA in the 80's.

We coaches would like to say thank you for your pride and hard work, 1979 Bulldogs.

"Basketball 1979"

"When the season began we had high hopes of winning our third straight district championship. During the course of the season we had many injuries to key personnel which hampered our chances to repeat as champs of District 20-A."

"1979 had its high spots as the Bulldogs gathered a second place finish in the Queen City Tourney and captured the championship trophy at the Redwater Tournament.

"The Seniors on this year's basketball team can be proud of the fact that during their four years of high school the Bulldogs overall record has been 72-32 and their district record stands at 41-12."

Students Work Toward UIL

By DONNA DUPREE

Even though school has just started, some of the students at QCH have already started working toward the big UIL Literary competition.

Among the many UIL events, the calculator contest is the newest, and it will be replacing the slide rule competition next year.

The unavailability and the absence of the slide rule has led us to move to something more modern. The calculator is UIL's way of going with the modern world," says Bert Koehl, sponsor of both calculator and number sense.

Number sense, Bruce Randolph ended the state contest last year.

Randolph will again compete along with Cathy Berry, Keith Hughes, Debbie Kinney, Monica Poik, Rickie Shields, Dena Turnipseed and June Wain.

Stores Hendrick, sponsor of the slide rule, has been working with her students on a regular basis. Students competing on slide rule are Billie Jones, Tammy Otwell, Doug Parr and Robbie Barnwell.

Coach slide rule before school, on week days I'm not on hall duty and also

during breaks and any other time that we have available," said Hendricks, who also coaches the science contest.

Students participating in science are Debbie Jones, Charles Robinson and Russell Hill.

The Journalism department, sponsored by Jean Stow, has begun its second year as an individual class. "Since the beginning of the year, we've been busy trying to teach the first year students how to write news and features," said the journalism instructor. "The second year students are already quite adept at all forms of journalism-news features, editorial and headlines.

"When we go to UIL we hope to take the second year students and some first year students as well," she added.

Second year students include Cara Caver, Patti Lance, Belinda Moore and Cindi Richards. First year students are Sherry Baker, Donna Dupree, Debra Burnes, Patsy Clark, Terri Kennedy, Terri McCasland, Jim Raines and Carmen Smith.

Other categories in-UIL in which Queen City will compete are ready writing, prose reading, poetry interpretation, persuasive speaking, one-act play and debate.

JV 'Works Hard' For 5-0 Record

By JIM RAINES

"I feel they have worked very hard. Everybody has had a positive attitude, but there isn't enough to say about a team that is 5 and 0," claims coach, Buddy Ingram, one of the coaches of Queen City's undefeated junior varsity team.

The JV's last conquest was over Rivercrest, 18-16.

"I think they will win the rest of their games because Rivercrest was probably the toughest team, and if they keep at it like they are now we

should win the rest of the games," said Ingram.

The players of the JV team include Jesse Wright, guard; Chris Blaylock, back; Robert Stevens, center; Dennis Quinn, end; Sammy Dotson, tackle; Chris Collins, end; Lorenzo Charles, back; Kenneth Lee, guard; Rocky Jones, end; Jeff Moore, end.

Also Robbie Barnwell, back; Patrick Roquemore, back; Keith Savage, tackle; Darrell Murphy, center; Todd Mouser, end; Doug Parr, quarterback; Stacy Sirmans, fullback; Dickie Smith, guard; Tim Tolleson, tackle; Scottie Walbeck, end; Brice Jones, guard; Steve Jones, back; Brad Jester, tackle; Jerry Gennings, fullback; Steve Andrews, tackle; Rickie Shields, back; and Rusty Walbeck, tackle.

LONGVIEW CONVENTION

Sirmans Attend TSTA Meet

By DEBRA BURNES

Queen City High School counselor C. Sirmans and his wife Rebekah, Librarian, attended the Texas State Teachers Association meeting in Longview Friday, Oct. 19.

The delegates conducted the business meeting and elected officers for the coming year.

The members attended the general

session of the convention and representatives of the Cass County TSTA local were elected as delegates to cast votes.

Among major issues, TSTA is concerned with obtaining legislative action which guarantee due process and safeguard teachers' retirement programs, according to Sirmans.

Delegates were urged to contact their congressmen concerning anticipated legislation which would

prohibit teachers from drawing retirement benefits from Social Security and teaching.

Members who were elected as delegates to the convention are C. Sirmans, principal of the Queen City High School of Linda Stephens and Stephen High.

Student Book Fair Will Begin Tuesday

By TERRI KENNEDY

Queen City High School will sponsor a student book fair from Oct. 30 to Nov. 2. Students will be able to browse and purchase books. The book fair will be open during school hours and books will be on display in the library, according to Librarian Rebekah Sirmans.

The book fair committee invites all students, parents and visitors to attend the fair. All profits will be used for

buying new library books.

The book fair display will include new books from many publishers in all popular price ranges.

All reading interests will be represented, including classics, fiction, biographies, adventure stories, science, nature, crafts, mystery and reference books, according to Sirmans. The library is working with Dura Clad Book, a professional book fair company, to furnish an individual selection of books for the fair.
